# Call international numbers using the Spreed App and save money

- ✓ No contract, no basic fee
- ✓ Independent from actual contracts
- ✓ Low prices
- ✓ Free Application

1

You connect from mobile to Spreed Service via Internet.

2

Spreed Service creates Telephone connection to you ...

3

... and links your telephone with the number of your contact.

**Please know!** With Spreed Service dialed numbers are **not** displayed on bill of subscriber. The telephone does not need an iPhone or Spreed Application/Spreed Account.

## Careless calling from abroad

Phone with Spread from your iPhone even cheaper – from home country and abroad or the other way around to mobile and landline.

Acquire Spread credits at first. Spread informs you about calling fees in advance via announcement and will charge calling units from your prepaid account.

The dialed Spread numbers does not appear on your phone bill.

Using Spread iPhone App with Spread Telephone System allow high sound quality when calling – Spread is not a VoIP application.

## How much do I save?

Phoning from German mobile in USA to Germany, e.g. during visit abroad costs 0,002 €/minute. You will save 1,38 € per minute compared to T-Mobile contract with roaming fees.

Compare Spread with other Providers. It's worth it!

## Before first Call – get Spread credits

Having a Spread account ([www.spread.com/enter/register](http://www.spread.com/enter/register)) you can purchase telephone credits in Spread Shop ([www.spread.com/store](http://www.spread.com/store)) or via your iPhone Application to consume for your convenience.
